LED INTERIOR LIGHT

SPACIOUS AND SAFE
15'' LAPTOP SIZE

SECURE AND CONVENIENT TOP-OPENING SAFE

This top-opening electronic safe has a capacity of 10 l and a net weight of 13.7 kg. With the LED four-digit guest code and two 18 mm solid steel bolts valuables are securely and conveniently protected.

In addition to the LED interior light, the Dometic MDT400X comes with a unique top-opening design that allows hotels numerous installation options throughout a guest room, such as inside a drawer. The four-digit guest code makes for easy access while securely holding 15" laptops, cameras and other personal items. The safe is powered by four AA batteries that features with a low battery message on the LED display to indicate when it is time to replace the batteries.

- Easy to reach inside
- LED interior light makes all the safe contents visible at a glance
- Enough room to fit laptop computers and tablets
- Ideal for installation into existing Hotel room drawer
- Stabiliser arm for smooth opening and closing of door
